Letter from Diane

This past year has been very busy for Nadia International. Our international market growth is at an all-time best. Ronadro's sculptures are collected by doctors in 79 countries with Jordan being added to the list. We are pleased to be on the Exhibitor's Advisory Committee of the Society of Thoracic Surgeons and American Academy of Orthopaedic Surgeons. In the last few months we were also invited to be part of the Exhibitor Advisory Committee for the American Association of Neurological Surgeons.

We continue to introduce new sculptures to the Ronadro' Collection. At the same time, sculptures such as "Spine in Motion" and "Trusting Hands", are beginning to sell out. If you are interested in expanding your collection, visit our website www.ronadro.com or call me for additional information.

We look back at the last 12 months with immense gratitude to all of our loyal collectors. Your kind words about the beauty of Ronadro's sculptures deeply touch me and are appreciated. He had the artistic vision to capture who you are and what you do like no other artist. His creativity is unmatched in the medical art world.

Below is a list of our meetings for the next 12 months including our first time visit to the American Association of Hip and Knee Surgeons. Follow us on Facebook and learn more about our conventions.

Looking forward to seeing you!

Diane G. Wicks

NEW DAWN

Dr. Randolph Smith, founder of Augusta Plastic Surgery Center received Ronadro's award winning "Surgery's End III".

After 40 dedicated years a retirement party was given in his honor. It was an emotional presentation with not a dry eye in the house.

Nadia International was proud to be part of this special occasion.

We wish you the best Dr. Smith!
