Ronadró  
1932-2012

## Letter from Diane

Ten years ago the medical and dental community mourned the passing of Ronadró. I was touched by so many who reached out expressing their condolences and sharing their personal thoughts about Ronadró as an artist and friend.

Ronadró's passion for his artwork is also felt by those who never met him as many have joined our family. His artistic vision continues to surround us as collectors are now found in 81 countries with Uganda being the latest. After all these years, you his collectors have kept his legacy alive.

The Ronadró Collection has been back on the convention road since September 2021 and we have had the privilege and pleasure of interacting with so many of you again. Our bronze foundries are back to being busy and some orders are taking 8-10 weeks to complete.

Featured on the front cover is the bronze sculpture, "GIFTED HANDS" created for the dental professional. This award winning sculpture has already been received with much acclaim.

Our fall calendar of conventions is listed so stop by and take advantage of our meeting specials. Don't forget to follow us on Facebook and Instagram. Save an extra \$100 off your order when you subscribe to our YouTube Channel (RonadroCollection).

For 37 years, our goal at Nadia International is to exceed your expectation by providing the finest museum quality bronze sculptures for your pleasure.

Warmest regards

## DISPLAYING YOUR BRONZE SCULPTURE.

Proper lighting is crucial for displaying your Ronadró sculpture. Do not use a white light. We recommend a pink light which can be purchased at any specialty light store. The sculpture will be noticed as the pink bulb will softened the look of the bronze and bring out the patina.
