COLLECTOR'S CORNER

ON THE COVER

“IRIS”

Illustrating the complex structure of the human IRIS, as individually unique as a fingerprint, this new contemporary work of art from The Ronadró Collection, intrigues and dazzles the viewer. Transparent patinas of blue, green and yellow, over highly detailed and polished bronze, dance with reflected brilliance. The depth of the cold black pupil draws the observer's view to the center of the sculpture and then opens out to encompass the whole design. Affixed to the front of the marble base is a unique Ophthalmology Caduceus crafted in high polished bronze. Mounted on Empress green marble and hand rubbed black walnut, the IRIS was created especially for the Ophthalmology medical professional.

Size: 9”w x 7 3/4” d x 16” h

Weight: 12.5 lbs

Medium: Bronze

Artist's Proofs: 20

Limited Edition: TBA

Ronadró
1932-2012

Letter from Diane

Ten years ago the medical and dental community mourned the passing of Ronadró. I was touched by so many who reached out expressing their condolences and sharing their personal thoughts about Ronadró as an artist and friend.

Ronadró's passion for his artwork is also felt by those who never met him as many have joined our family. His artistic vision continues to surround us as collectors are now found in 81 countries with Uganda being the latest. After all these years, you his collectors have kept his legacy alive.

The Ronadró Collection has been back on the convention road since September 2021 and we have had the privilege and pleasure of interacting with so many of you again. Our bronze foundries are back to being busy and some orders are taking 8-10 weeks to complete.

Featured on the front cover is the bronze sculpture, “IRIS” created for the Ophthalmologist professional. This beautiful sculpture has already been received with much acclaim. In this issue, we are offering 15% off the entire collection.

Our fall calendar of conventions is listed so stop by and take advantage of our meeting specials. Don't forget to follow us on Facebook and Instagram. Save an extra \$100 off your order when you subscribe to our YouTube Channel (RonadroCollection).

For 37 years, our goal at Nadia International is to exceed your expectation by providing the finest museum quality bronze sculptures for your pleasure.

Warmest regards

Diane G. Wicks

FROM THE MAILBOX

I have endless admiration for the craftsmanship and talent of your beloved Ronadró. May his soul rest in the heavens above.

HAR, Saudi Arabia

Received my "Moments of Meditation" and I can't stop looking at it. Can't decide to display it in my office or home so I might have to buy a second one. Your husband is so talented. Glad you are still doing the conventions and carrying on his legacy!

STT, California

I received the sculpture "Ophthalmologist III" and we all love it.

JU, Texas

I appreciate receiving my sculpture "Beauty in Motion II". She is so beautiful and I enjoy having her on my desk. Empowering!

AM, California

I have been a Ronadró sculpture collector for my entire career. Now that I am retired, I enjoy admiring my collection in my home office. I just completed my second order of "Moments of Meditation" as a gift to an esteemed colleague which I am sure he will cherish. I am not done collecting and want to thank you for your wonderful customer service and friendship over the years.

LK, Florida

I received the masterpiece and it looks beautiful. Thank you for your professionalism and looking forward to adding another Ronadró.

ND, Saudi Arabia

We received the sculpture "Gifted Hands" along with your gift. They are both so beautiful. Thank you so much for your patience and timely service. Much talent and very much appreciated!

ES, California

DISPLAYING YOUR BRONZE SCULPTURE.

Proper lighting is crucial for displaying your Ronadró sculpture. Do not use a white light. We recommend a pink light which can be purchased at any specialty light store. The sculpture will be noticed as the pink bulb will softened the look of the bronze and bring out the patina.

HEALING HANDS II

SCRUBBED (FEMALE SURGEON)

Celebrating 37 Years

The Care of Your Bronze

NEVER USE HOUSEHOLD CLEANSERS OR FURNITURE POLISH THAT MAY HAVE CLEANING AGENTS IN THEM.

The coloration on the surface of your bronze is achieved by an artistic application of specific chemical compounds (patination). This causes certain oxidation processes to occur which brings about specific colors. The bronze is then “sealed” traditionally with waxes and or lacquers. This is done to protect the patina as well as the bronze surface, which is otherwise quite sensitive to color changes. This can be brought about by its’ exposure to its’ immediate atmosphere.

Therefore, in order to maintain your bronze patina, a thin coat of paste wax applied to the surface once a year is recommended. Using a soft bristle brush or your finger (never a rag) apply a thin “Neutral Shoe Polish” (Kiwi brand recommended) to the surface. The patina may darken but as the wax dries, the color will reappear. Let the wax dry for approximately one hour. Using a soft clean cloth, wipe your bronze until a desired glow or sheen appears.

A Special Thank You

Dr. Israel Chambi, a neurosurgeon and longtime Ronadró Collector, received a special thank you gift, “Spine In Motion II”, from Samuel and Ruth Sebabi. Mr. Sebabi suffered from back pain for many years and after surgery by Dr. Chambi was finally pain free.

Dr. Marcelo Puello-Vales proudly displays his Ronadró sculptures, “Knee Implantation” and “In His Hands”. Dr. Puello is an Orthopaedic surgeon in the Dominican Republic and has been part of the Ronadró Family of Collectors since 2007.
