## ON THE COVER

### “SURGERY'S END III”

Ronadró capturing the surgeon removing his surgical gloves is one of the most popular sculptures in the Ronadró Collection. This sculpture is mounted on a black walnut wood base and verde marble. The gloved hands are life size and are finished in a warm tan patina while the cuffs are in a patina of blue/green. The Stainless Steel version was the first done by Ronadró and is mounted on solid black granite. Stainless Steel is the ultimate medium for collectors of fine art. The beauty and detail of these award winning sculptures cannot be believed until viewed in person. “Surgery's End III” was created for all surgeons!

## Letter from Diane

Thirty-eight years ago, Ronadró began sculpting beautiful museum quality bronze pieces of art representational for all the medical and dental professionals of the world. Known for his strict attention to detail, Ronadró's artistic vision has placed these exquisite award winning sculptures in offices, homes and museums not only in the USA but in 81 countries. His astounding success and prominent place in renowned circles of distinguished sculptors has been reached because of you.... our Family of Ronadró Collectors, now numbering over 8000+.

You are the foundation for keeping his legacy alive. I am forever grateful for all the kind words, stories and encouragement you have shared with me over the years.

As I approach my 70th birthday, there are no plans to retire in the near future. I enjoy conventions the most as it allows me the opportunity to visit with all of you and meet new collectors along the way. For now, Nadia International will still be on the convention road.

Featured on the front cover of this *Collector's Corner* is the very popular “**SURGERY'S END III**” which is available in both bronze and stainless steel for every surgeon.

A few sculptures such as “**IN HIS HANDS**” and “**KNEE IMPLANTATION**” are close to being sold-out. Don't hesitate to add these popular sculptures to your Ronadró Collection.

The **PRIVATE OFFERING** is available of Ronadró's original Artist Proof of each design on page three. We have already sold more than 32 originals and these are the most valuable in the collection.

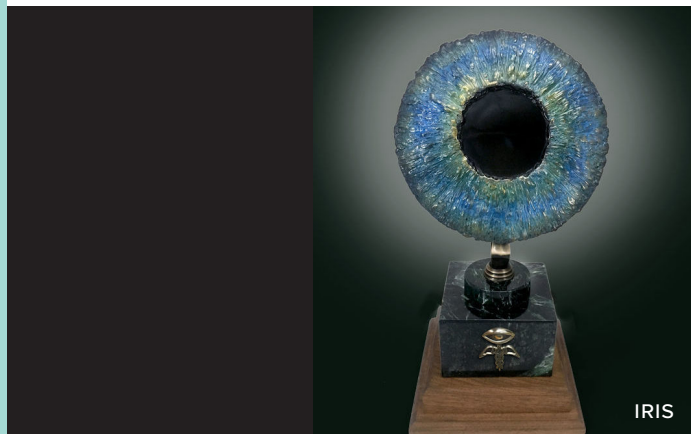

Check out our calendar for the fall 2023 and 2024 of meetings and stop by to say hello, view what is new and take advantage of our meeting special of 15% off the entire collection. For up to date information, be sure to subscribe to our YOUTUBE channel (RonadroCollection) and receive an extra \$100 off your next order. Don't forget to follow us on Facebook and Instagram. Your comments are always welcomed and appreciated.

Finally, we are excited to introduce a new bronze sculpture entitled “**THE SURGEON**” fall 2023. Only 20 original artist proofs will be available and pre-orders begin the end of August as a photo will be posted on our web-site ([www.ronadro.com](http://www.ronadro.com)).
